

30 years...

of quality information

CIS has been helping Idahoans find career direction since 1980.

Look for these improvements fall 2010...

MY COURSE PLANNER

Load pre-determined course offerings, recommendations and graduation pathways specific to your student and client needs. Create customizable individual graduation plans for any secondary or postsecondary education. Create summary reports to better track education plan progress.

ADMINISTRATION REPORTS

Improved reports provide increased flexibility and information on specific groups or individuals. Create reports for an entire portfolio or just individual sections. New on-line instructions provide staff and administration support.

UNIVERSAL ENCOURAGEMENT PROGRAM

Is a time saving on-line tool that collects students' responses on career and education needs, interests and experiences. Critical data and management reports help inform guidance services, program development and school improvement efforts. Communicate with individual students, groups or parents to better deliver resources they need.

PERSONAL INFORMATION

New optional sections include gender, race/ethnicity and date of birth allowing you to run user reports in these areas.

RESUME WRITER

Enhancements to the My Education and Work History section of the portfolio allow users to better build custom resumes including:

- More tutorials and on-screen help messages
- Increased control over section labels and included content
- Indicators to track what will appear on resume

NEW PORTFOLIO SECTIONS

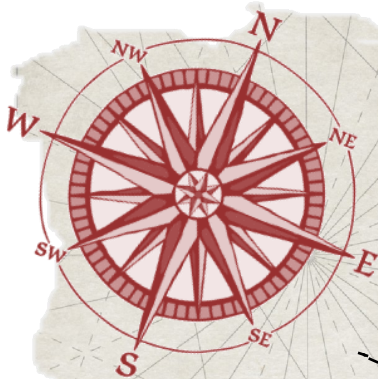

- *My Sorts and Assessments* – a dedicated storage folder to save and retrieve all of your interest inventory and assessment results
- *My Files and Links* – Upload up to 5MB of storage files and bookmark links to your favorite websites

PORTFOLIO STYLE

Style “skins” that users choose for their portfolio background now expand through the entire system.

More enhancements to
eCIS and CIS Junior

CHANGE IN PRICING

Our 30th year of providing quality career information to Idahoans coincides with additional financial support from the Idaho Department of Labor, our parent agency since 2008. All eCIS and CIS Junior information files are free and available to Idaho citizens. Exploration Tools and assessments, additional optional modules, My CIS Portfolio and Administration Tools are available at a reduced flat fee.

REAL WORLD INTERVIEWS

Learn about occupations by reading interviews from people in the field.

26 new additions including:

Academic Counselor
Addictions Counselor
Animal Breeder
Auto Mechanic
Carpenter
Civil Engineer
Construction Manager
Energy Analyst
Farmer
Green Architect
Green Roofer
Heating and Cooling Mechanic
Mechanical Engineer
Medical Coder and Biller
Nanotechnologist
Phlebotomist
Renewable Energy Engineer
Set and Exhibit Designer
Urban Planner
Wind Turbine Technician
Winemaker

GREEN JOBS

What does "**Green**" mean? Find new content about Green Jobs including informational articles, videos and occupation indexes. New material about what "green" means in career development will be added to eCIS and CIS Junior throughout the year.

MILITARY INFORMATION

This Military Information section has been completely rewritten and expanded with a new user-friendly format. Find more content, graphics and interactive content such as calculators, tables and photos.

GLOBAL SEARCH EXPANSION

Articles, information for specific populations and other files that are not in the main menu will now be included in the front page's system-wide search.

IDAHO CAREER CONNECT

This web-based exchange connects local business with schools. Educators will have access to a database of volunteers from local business. CIS users will find employers in their area who hire workers in specific occupations. Initial piloting is being conducted in the Twin Falls / Burley region, and will expand to other Idaho communities in the future.

CIS TOOLS

Improved layout, sections and content make CIS Tools better than ever! Find improved tutorials, scavenger hunts, user guides, best practices and parent resources. Use the new *calendar* to find training opportunities, career holidays or other important dates.

CIS JUNIOR

Check out the new layout and additional files in CIS Junior. We have made navigating the program and finding content easier.
